Which part of the document are you responding to?

Paragraph number / Heading / Subheading (if relevant)

Map (e.g. Proposed Development Sites – District Wide)

What is the nature of your representation?

Support

Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

Your Preliminary Draft Charging Schedule 2015 does not have any specific references to the canal infrastructure within the Warwick area, but there are references at paragraph 2.2 to the strategic cycle network improvements; Green Infrastructure; and health facilities and services which are required to mitigate the impacts of planned development.

We consider the towing path network provides a motor-vehicle-free environment in which to travel to work, school or home and is particularly suitable for cycling. Therefore the towpaths could form part of the strategic cycle network in Warwick.

We consider that Green Infrastructure is a network of multifunctional open spaces and natural assets. There are a number of definitions of green infrastructure some of which encompass 'blue infrastructure and blue spaces' such as waterways, towing paths and their environs. The canals form part of strategic and local green infrastructure networks, and this is relevant in Warwick District.

The canal network can be used as a resource for healthy and active lifestyles. The Department of Health publication Be Active, Be Healthy: A plan for getting the nation moving refers to the waterways and towing paths. We have also been involved with the TCPA on their recent report Planning Healthy Weight Environments. Again the issue of health facilities provided by the canal infrastructure may be relevant in Warwick District.

Your Draft CIL Regulation 123 Regulation List January 2015 does not include any canal related projects.

We note from the Local Plan Policies Maps that a number of housing commitments (Map 2 H11, H16 and H13; Map 3 H16 and H13; and Map 29 H29 and H30) are immediately adjacent to the canal as well as an employment protection site (Map 3 TC12).

On the basis of the planned growth within the District, Preliminary Draft Charging Schedule 2015 and Draft CIL Regulation 123 Regulation List could you confirm if projects relating to the canals are to be secured solely by s106 planning obligation or whether any will be secured by CIL?

We are concerned that unspecified cycling improvements in the Transport section of the Regulation 123 List may preclude s106 being sought for such improvements to the towpath to support growth.
