7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The Sustainability Appraisal has assessed this site allocation on the assumption that Wainbody Wood & Stivichall Common LNR, Finham Brook and the onsite ponds will be protected from harm. The Trust agrees that these significant natural assets should be retained and enhanced. However, currently modification 14 to Policy DS15 does not list their protection and enhancement as key infrastructure that should be provided within the Development Brief or Layout and Design Statement.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Trust recommends that 'green infrastructure' is a significant key consideration for this site, given the current natural assets. In particular, the Trust recommend that the development brief for the Land at Kings Hill site is required to incorporate a minimum 50m natural buffer of Wainbody Wood ancient woodland, a natural buffer of Finham Brook and the retention of the on-site ponds.

This would make the assessment of the impact on the natural environment justified and the decision to include this site sound.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
