6. If you answered no to question 5.2, do you consider the Proposed Modification is unsound because it is not:

(Please tick)

Positively Prepared:	<input type="checkbox"/>
Justified:	<input checked="" type="checkbox"/>
Effective:	<input type="checkbox"/>
Consistent with National Policy:	<input type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The Sustainability Appraisal has identified this site as containing a nationally important habitat for nature conservation; Woodpasture and Parkland. The key feature of this habitat is the veteran trees and therefore in order to avoid negative impacts on biodiversity the development should retain these trees. However, currently this assumption is not justified as there is no specification within the policy wording to ensure that the trees are protected as part of the development.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Trust recommends that the wording in modification 24 for new policy 'DS NEW3' is updated to include an additional bullet point that seeks to ensure proposals 'protect and enhance the natural assets, including the ancient or veteran trees.'

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
