Mod. Policies Map Number:	<input type="text"/>

### 5. Do you consider the Local Plan is :

### 6. If you answered no to question 5.2, do you consider the Proposed Modification is unsound because it is not:

**(Please tick)**

Positively Prepared:	<input type="checkbox"/>
Justified:	<input type="checkbox"/>
Effective:	<input type="checkbox"/>
Consistent with National Policy:	<input checked="" type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The proposed amendments to Policy DS15 will require proposals for the strategic sites to represent a comprehensive development of the whole site before being approved. Further proposed amendments to Policy DS15 will require the preparation of a Development Brief or Layout and Design Statement to demonstrate this.

In respect of site g (land at Gallows Hill and the Asps) now added to this list, the site has already been granted outline planning permission in part. It is not therefore possible for the remaining part of the site that does not have approval to comprehensively plan for the whole site. The wording of the policy is not therefore clear and contrary to Paragraph 154 of the Framework.

Furthermore, the requirement for the applicant to produce a Development Brief or Layout and Design Statement is considered unnecessary in respect of site g, and a policy burden contrary to Paragraph 173 of the Framework.

A Design and Access Statement would be a requirement in any event, and is required to demonstrate the steps taken to appraise the context of the proposed development, and how the design of the development takes that context into account. This would be sufficient evidence to demonstrate the acceptability of the development.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

It is necessary to insert the following words within the Policy:

‘Where planning permission has already been granted for part of the allocated strategic sites, planning applications for the remaining parts will need to demonstrate the steps taken to appraise the context of the proposed development, and how the design of the development takes that context into account, within their Design and Access Statement.’

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
