8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Our client considers that land to the east of Cromwell Lane should be removed from the Green Belt.

Paragraph 83 of the National Planning Policy Framework (the Framework) establishes that *“Local planning authorities with Green Belts in their area should establish Green belt boundaries in their Local Plans which set the framework for Green Belt and settlement policy. Once established, Green Belt boundaries should only be altered in exceptional circumstances, through the preparation or review of the Local Plan.”* As currently drafted the proposals map retains our client’s land as within the Green Belt. It is clear that the land in this location does not meet the five purposes of the Green Belt as established in the National Planning Policy Framework and therefore in line with the guidance set out at paragraph 83 of the Framework now is the most appropriate time for the site to be removed from the Green Belt.

Should the Council not remove sufficient land from the Green Belt at this stage of the plan process we consider that this could lead to a further review of Green Belt boundaries in the near future. This is contrary to Government policy which establishes that Green Belt boundaries should only be altered in exceptional circumstances.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
