(Please tick)

Positively Prepared:

Justified:

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

1. The NPPF is clear that adjustments to the Green Belt should ideally be made through the Local Plan process. In particular, paragraph 83 notes that there should be consideration of the permanence of the Green Belt, in order to make sure that necessary land is removed to meet developmental pressures and the Green Belt will ensure beyond the current plan period.
2. As noted in response to MOD3 and 20, Lenco Investments is unconvinced that the Council has correctly identified the quantum of land required around south Coventry, or identified the sites to support such a policy approach.
3. The efficacy of this policy is contingent on the land that is earmarked to be removed from the Green Belt. The strategy is not positively prepared, justified or effective against the provisions of paragraph 182 of the NPPF.
4. Lenco Investments consider that additional sites are required around Coventry, in order to pursue the most appropriate strategy for growth and to give certainty that the Green Belt, as amended, will endure beyond the plan period.

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- A large proportion of Warwick district is enveloped by the Green Belt. It is therefore important that the Local Plan is informed by the correct level of detail and includes a range of sites
- In order for Policy DS19 to proceed for further examination, it first needs to be established which sites present the most appropriate options for future growth. This work needs to be undertaken with immediate effect.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

- RPS has presented a number of objections to the Proposed Modifications and would like the opportunity to discuss these matters in more detail.

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations.
