(Please tick)

Justified:	<input checked="" type="checkbox"/>
Effective:	<input checked="" type="checkbox"/>
Consistent with National Policy:	<input checked="" type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

Although the Joint Green Belt Study of June 2015 (JGBS) is listed in the Evidence Base, its findings are effectively ignored in the Proposed Modifications to the Local Plan. The associated Sustainability Assessment Addendum (SA) makes a single mention of the JGBS with reference to Baginton as a growth village, recognizing that the JGBS ‘found that the parcel of land (C14) comprising the Rosswood Farm site (H19) represents the principal protector of the countryside from further encroachment’ and consequently the SA concluded that Rosswood Farm development in Baginton would have ‘major negative effects on SA Objective 5’ (Prudent Use of Land and Natural Resources).

The SA acknowledges that the proposed urban extensions south of Coventry would have cumulative and potentially major negative effects on landscape, visual amenity and openness through loss of Green Belt and that these would remain even after so-called mitigation. These include the proposed Sub-Regional Employment Site (DS16) of 235 hectares in Baginton and the proposed development at King’s Hill (H43) near Stoneleigh.

Development in the Green Belt is excessive and is not justified, particularly when the chosen sites are some of the most sensitive – highest performing – parts of the Green Belt around Coventry. The JGBS’s conclusions have effectively been ignored in the Proposed Modifications and in the Local Plan. Therefore the proposed plan is unsound because it has not taken the Joint Green Belt Study properly into account.

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Brownfield sites and other sites outside the Green Belt are suitable alternatives. These should be reconsidered in both Coventry and Warwick District together with unfilled capacity in existing technology parks in the sub region.

Warwick District’s share of Coventry’s unmet housing needs must be reduced so that these can be met without removing an unsustainable portion of higher performing Green Belt, particularly key Green Belt parcels south of the A45 which effectively restrict Coventry’s urban sprawl southwards.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Bubbenhall Parish Council considers that the amount of land that Warwick District is proposing to remove from Green Belt to meet the unfilled need for housing and employment land in Coventry is unsustainable. The result will be the extension of Coventry's boundary southwards into the Warwickshire countryside and the absorption of the village of Baginton into the City of Coventry. The villages of Bubbenhall and Stoneleigh will be in danger of a similar fate.

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
