Justified:	<input type="checkbox"/>
Effective:	<input type="checkbox"/>
Consistent with National Policy:	<input checked="" type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The need for WDC to provide additional sites to meet the shortfall identified by the Inspectors rejection of the Local Plan in a short time period has been critical. This has led to the unsound allocation of green belt site H50 and insufficient consideration of the impact on this classic English landscape of outstanding natural beauty with its rolling valleys, vistas and ancient oaks. The need to alter greenbelt boundaries for allocation of a housing development site has not been proven as exceptional in this green belt area. In comparison to a housing development the HST 2 route, with its proposed environmental protection, will have little impact on the area. This will be inappropriate development of a local green space with a public footpath through it within the green belt. No engagement or consultation with the local community or Parish Council took place prior to announcing the site had been allocated. As a consequence no promotion of alternative sites or other local consideration took place.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove site H50 from the Plan, reconsider other sites to replace.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
