7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

In my view the proposed modifications are neither legally compliant nor sound. The housing demand is from Coventry, so the development should, if possible, be carried out in that area as sites are available. Increased travelling would be congested, with any road changes being pollutant expensive, obstructive while under construction, and totally destructive to the approach to an attractive town. The high value Green Belt land north of Old Milverton deserves to be protected for its own sake, i.e. productive high value farming land, as a picturesque amenity for local users and a wild life haven. The park + ride scheme has many faults with no decent bus service, no real benefit to the area & no value to choppers. Any railway station would be impossible to construct at Old Milverton & it would be too near the new Kenilworth station. Drainage & sewerage are already under pressure in Leamington; further large scale development and coverage of soak-away areas would exacerbate matters.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Soundness of the modification would only be demonstrated if the land north of Old Milverton were to continue as Green Belt land, & if the more convenient, available, lower quality land were to be used. Use of this alternative land would then show compliance by WDC with its duty to co-operate with neighbouring Coventry Council.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
