Hi James

I have checked from the period 1/3/2011 through to today and there have been no accidents in that period.

Hi Sally,

You may recall that we obtained accident from you for the area shown on the attached map.

We are now being asked for minor revisions to our submitted work, which used the accident data; but I'm aware that a further year has passed since our request, and wondered if you could just let me know if there have been any additional accidents at the location shown on the attached map in the last year?

I expect it's unlikely, on the basis that there were only 4 accidents in the previous 5 years, but just an indication would be very helpful for our resubmission.

I look forward to hearing from you.

Many thanks,

James Parker
