I would like to support Warwick District Council's intention to plan positively for the provision and integration of community facilities (to include places of worship) in local communities.

As a Christian I am thankful that Warwick District see the need for inclusion of provision for places of worship in residential environments, but would like to raise the question how this is going to be implemented when there is no mention of this in their preferred options.

It is essential that provision is made in policy for places of worship as Christianity provides strength and stability in local communities. It is recognised that there is a beneficial effect for humanity because of care and service to the community by those who attend the places of worship.
